

RUMI FAST

DIETETIC MINERAL FEED FOR RUMINANTS

- **Objectives** : decrease acidosis risks (metabolic).
- Rumi FAST optimized **highly concentrated and acidogenic rations**.
- Suited to **fattening** lambs, sheeps and kids and highly yield dairy cows.
- Synergistic mix of buffering substances and yeasts to achieve immediate effect on rumen and blood.

Trial on fattening lambs:
25g/d during 30 days
prior to slaughter on
acidogenic ration.

DIRECTION FOR USE

To be mixed with the daily ration or used directly in the feeders:

- **Dairy cows**: 200 g/animal/d during 3 weeks
- **Steers**: 100 g/animal/d during 3 weeks
- **Ewes, goats**: 40 g/animal/d for 3 weeks
- **Fattening lambs**: 25 g/animal/d for 3 weeks min.

Permanent use:

- **Dairy cows** : 100 g/animal/d
- **Steers** : 50 g/animal/d
- **Ewes, goats** : 20 g/animal/d
- **Fattening lambs** : 10 to 20 g/d

SHELF LIFE

24 months in original packing.
Store in a cool and dry place
out of direct sunlight.

PACKAGING

Bag of 10 kg
Bag of 25 kg.

PRESENTATION

Mash or pellet

Characteristics

Ingredients

Sodium bicarbonate, wheat middlings, calcium carbonate, lithotamnus, molasses, yeasts, sodium chloride, salts of fatty acids, linseed oils.

Analytical contents

Phosphorus	0.15%
Calcium	4.0 %
Magnesium	3.5%
Sodium	15.0%

Additives

Binding / Anticaking agents

Bentonite 9750 mg/kg

The values shown on this sheet are indicative only and do not constitute a guarantee. Please refer to the product label.
