

Calms animals naturally

Durelax combines *Melissa officinalis* extract, *Stevia rebaudiana* extract and soluble magnesium.

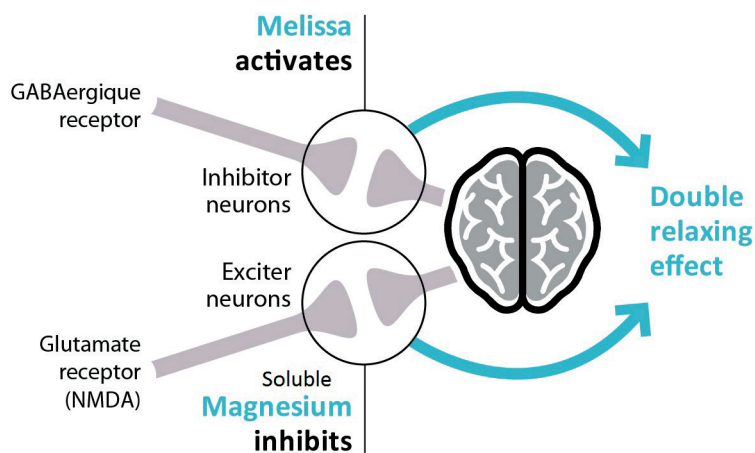

Product Highlights

- ▶ Has an immediate effect
- ▶ Supports animal's welfare
- ▶ Can be used in organic farming
- ▶ All natural

Mode of action

Durelax has a **double relaxing effect**.

Melissa officinalis and magnesium both act on the nervous system: *Melissa officinalis* activates the inhibitor neuron whereas soluble magnesium inhibits the exciter neuron of the nervous system.

Instruction for use

Premix	1Kg/T of complete feed
Liquid	1L/1000L of drinking water for at least 3 days

Material & Methods

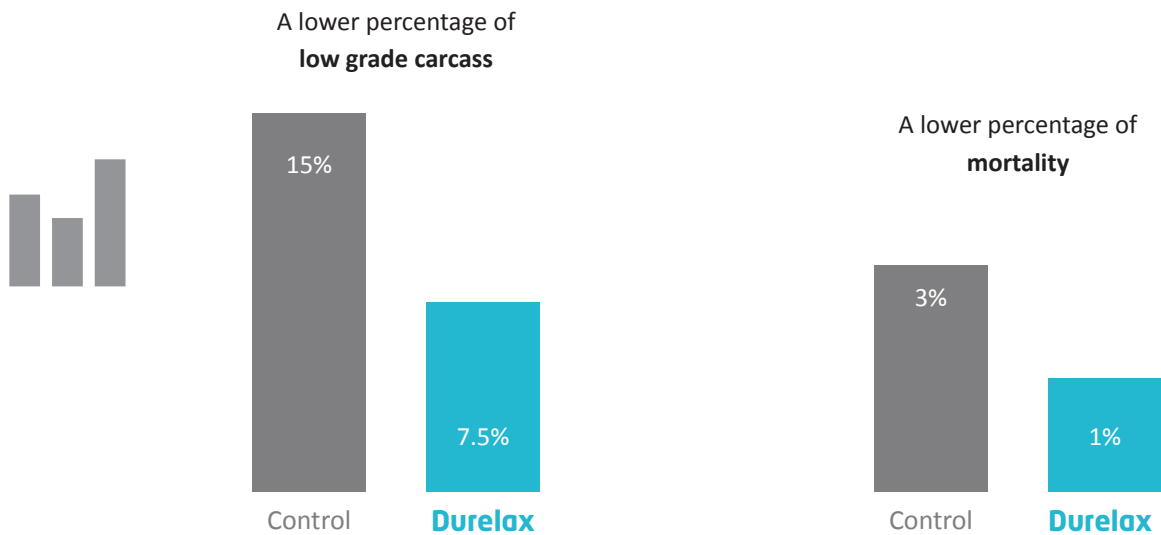

Trial conducted on **120 000 broilers** during 15 days with 1Kg/T of **Durelox**.

► Observed parameters: mortality (high mortality rate related to pica) and carcass quality.

Results

Conclusion

The use of **Durelox** at 1 Kg/T of complete feed:

- decreases mortality by 50%
- increases first quality carcass by 50%
- reduces pica behaviors
- improves animal welfare
